90 minute visit to Pastor Bissel's meeting, starting at 10 A.M. Very easy and relaxed. The purpose of his letter of 6/29/85 was to find out if all was well here at Elkdale and to find out what capital improvements I had in mind (instead of rent, I make capital improvements to the building & grounds — I must spend \$100/month on the building and grounds). I said that I thought I would have a well dug or paint the exterior of the building this year. He is pushing for a well, a septic tank & a shower. No well — yes. No others, not necessary. I would love to have a well at the moment — that would make garden watering considerably easier. I will make well inquiries & Pastor Bissel will do likewise.

Returned to Elkdale & then went to the Golf Course. WSP gave me a tour of the grounds — his snap dragons & pansies are beautiful, very beautiful. As a gardener myself, I could appreciate (and did so) WSP's enthusiasm over his flowers. DUP & SLP went into town and, together with Susie Steplow, cleaned Memorial Park for tomorrow's concert by the Marywood Jazz Ensemble. No grass did not need cutting but the walkways need to be swept and I did so; SPS & DUP watered the flowers and washed down the walkways. The park looks wonderful now — the flower boxes
